Re: Gulfco Water Levels

Eric,

Thanks for the notice - we won't have our oversight contractor present for the water level checks.

Regards,

Gulfco Water Levels

Hi Gary –

I wanted to let you know that we are planning on collecting a round of water levels from all Gulfco monitoring wells and staff gauges on Thurs. Sept. 6. I will use this second set of water levels from the Phase 2 wells in preparing a proposal

for Phase 3 groundwater activities. Please let me know if you are planning on having an oversight contractor on-site for this work, so our technician, John Brayton, can coordinate with them (he probably will not be arrive at the Site until late morning or early afternoon). If you do want to have someone there and that date is a problem, just let me know and we will pick another.

Thanks.
